

14 January 1983

MEMORANDUM FOR: 

25X1

FROM: Director of Central Intelligence

SUBJECT: Worldwide Testimony

For my worldwide briefing I will want information on Soviet arms flow and advisors around the world. Take a look at the film that  showed me last week. I will probably want a picture of the number of boats, how many float every week, a map showing the arms sales, countries to which the arms sales go, or perhaps a table would do it better, and another table on what's being sent to Cuba during 1981 and 1982. You might get that underway. I really want to finish that job off next week.

25X1

William J. Casey
